

A George II Pepper Caster made in London in 1753 by Samuel Wood

Sold

REF: 153682

Height: 5 cm (2")

Diameter: 2 cm (0.8")

Description

The Caster is baluster in form and stands on a spreading foot which is decorated with reeding, as is the baluster main body. The pull off cover is pierced with roundels, engraved with trellis work and which terminates in a bell finial.
