

HUNT & ROSKELL. A rare cast Wine Label made in London in 1866 by Hunt & Roskell.

Sold

REF: 199896

Description

The Label is cast and the naturalistic design displays an oval central face surrounded by a branch border with vines and grapes below, to the right, and oak leaves and acorns to the left. The top section also displays a pierced mirror cipher with the Coronet of an Earl above. As we have been unable to find any illustrations of this design, we feel that it may have been a special commission. The label is in excellent condition and is engraved for GIN.

Length: 2.65 inches, 6.63cm.
