

A very fine George III Silver mounted tortoiseshell magnifying glass
made, most probably, in London circa 1780

Sold

REF: 375066

Description

The Magnifying Glass is circular in form with a reeded silver frame. The top and bottom of the tortoiseshell cover is held in place by raying reeded mouldings. The side displays a small tubular section, so that the glass can be easily pulled out. This piece is in quite excellent condition. Diameter: 2.9 inches, 7.25 cm. Height: 0.5 inches, 1.25 cm.
