

Hilliard & Thomason. A rare naturalistic Caddy Spoon made in Birmingham in 1852 by Hilliard & Thomason.

Sold

REF: 373891

Description

The Caddy Spoon is made in the rare naturalistic style. The bell shaped silver gilt bowl is fluted and decorated with raised vine leaves and a bunch of grapes. The handle is beautifully modelled as a textured twisted vine, with vine leaves applied. The spoon is very well marked on the handle. This is an uncommon design and is in excellent condition.

Length: 3.5 inches, 8.75cm
